ABOUT STORMTECH

Born in the rugged west coast rainforests of British Columbia, Canada, STORMTECH's designs are inspired through the lessons learned from the rain, snow, and sun. We pay painstaking attention to mother nature's
varying moods in order to develop the very best in technical outerwear. With design excellence and functionality that blends exclusive technologies, such as H2XTREME®, we build hard-wearing garments that provide maximum protection and comfort so you can get out there and explore with confidence.

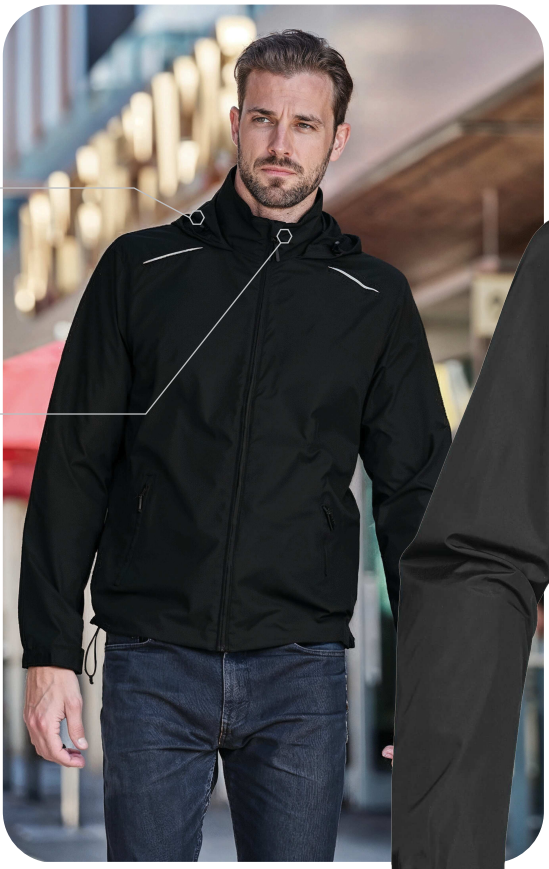

Stormtech jackets are built for tough environments (like oil & gas production fields), offering waterproof, windproof, and breathable protection. With rugged durability and ergonomic design, they keep workers dry, comfortable, and focused even in harsh conditions.

Sustainable apparel with minimalist styling.

Stormtech has been awarded the Committed EcoVadis badge for strong performance in sustainability rating assessments, and earned the Climate Smart Certificate in recognition of sustainable business practices.

Stormtech is also committed to the Forest Stewardship Council (FSC) of sustainable sourcing as well as using OXO-biodegradable bags for all products.

FABRIC TECHNOLOGIES

H2XDRY MOISTURE MANAGEMENT

ACTIVE MOISTURE MANAGEMENT

Next-to-skin climate control which transports body moisture from the skin to the fabrics outer surface through specialized moisture wicking yarns.

anti-snag CONSTRUCTION

ANTI-SNAG CONSTRUCTION

Achieved by using specialized yarns that are less likely to break or unravel when pulled or snagged by incorporating specific knitting techniques that reinforce the fabric and reduce the risk of snagging.

STORMTECH DWR DURABLE WATER REPELLENT

DWR WATER RESISTANCE

A polymer coating added to outerwear to provide water resistant protection. This technology also prevents fabric from becoming weighed down by excess moisture.

UVX SUN PROTECTION

SUN PROTECTION

Fabrics are treated or constructed using densely woven or knitted fabrics and UV absorbent fibers to reflect UVA and UVB light.
